Dear Parent/Carer

Re: Employability - Workready

As part of our ongoing Careers, Information and Guidance (CIAG) programme of study, we are launching a new employability microsite that can be accessed from the careers section on the school website.

The new microsite provides a number of continued professional modules that students and parents can access from home using this link:

<https://www.workreadyschools.co.uk/schools/the-marvell-college/>

You can find accredited, video-based training modules on key topics such as leadership, communication and resilience. These are written by specialists and feature interactive quizzing and top tips from some of the UK's biggest companies. There's a great range of different topics available and they are a fantastic way to build your CV and gain invaluable skills.

There are also lots of great interviews with employers and universities so you can hear about the latest apprenticeship and higher education opportunities available to you.

We firmly believe that this site is a fantastic tool to help you develop your skills and build bright futures for yourselves so make sure you browse the free resources available to you.

Yours faithfully

Mr A Chapman
Assistant Headteacher
