

9th November 2020

Dear Parents/Carers

Covid 19 Information Update

As I am sure you are aware the rates of Covid 19 continue to increase in Hull and The East Riding. I would like to keep you as up to date as possible with what is happening at The Marvell College and I would like to draw your attention to two key notifications:

1. Positive Case Confirmed

We have received confirmation of a positive case in one of our students at Marvell. On receiving this information, we have identified the key contacts of this student and sent them home as a precautionary measure. These students will continue to study from home using our home learning booklets until Monday, 16th November when they return.

2. Staffing

Due to the increased numbers of positive Covid cases, and through NHS Track and Trace, we now have a significant number of staff off school and self-isolating. I have written separately to the parents/carers of Year 8 notifying them that from 3pm today Year 8 will move to home learning until Monday, 16th November when hopefully our staffing levels will have increased to a point where we can safely staff the full school.

We will continue to monitor the situation closely and keep parents/carers as up to date with information as soon as we can.

In the meantime, I would like to thank you for your continued support during this challenging time.

Yours faithfully

Mr J Capper
Headteacher
